

Oklahoma Supreme Court VoterGuide 2026

The Supreme Court was set up to play an important role, to bring a vital system of checks and balances necessary to keep our government accountable to the people. **As the judicial arm, its role is to interpret law ONLY, not write it or alter it!** Unfortunately, in Oklahoma, our court has consistently and systematically applied law and court procedures in an unfair and unbalanced manner. OK Supreme Court has overreached its role by **striking down or overturning existing laws** by citizens and Governor, by interpreting them in a way that adds or ignores their original intention.

Of the **nine judges** who currently sit on the bench, there are **three, Kuehn, Rowe, Kane,** who **upholds the US constitution** and conservative principles held by the citizens of our state. **A 4th Judge, Travis Jett**, newly appointed by Governor Stitt, has voted Conservatively so far. With current 5 Judge Liberal majority, who consistently act as “activist judges” trying to re-write THE LAW, INVENT NEW or OVERTURN laws PASSED BY THE HOUSE, SENATE, AND SIGNED BY THE GOVERNOR.

In 2023-25, Our OK Supreme Court Overturned Five (5) Laws Passed by Legislature Restricting Abortion, and Saving Babies (Plus, Overturned Part of Law for Elections and Mask Mandates)

The Court has betrayed its’ purpose and our citizens by ruling against individual freedoms when it came to mask mandates, weakening election integrity and mis-interpreting the Establishment Clause (RESURRECTING illegal ruling of separation of church and state) by overturning a decision to allow public funding to a Catholic charter school, suit brought by OK-AG Drummond. **A DISGRACE TO OKLAHOMA.** In 2015, the Court (Curren Justices Winchester, Edmonson & Gurich voted) ***ruled the Ten Commandments monument on state capitol grounds must be removed, Overturned a District court judge ruled “it did not violate our State Constitution.”***

This must stop! Oklahomans deserve judges who uphold the US CONSTITUTION, our conservative values of our state, and honor the intended role of the judiciary, TO INTERPRET LAW, NOT REWRITE OR INVENT IT. **We have Voting Ability to Gain a 5 Conservative Majority: 1st time in 100 years.**

The Overturned ABORTION Bills:

Senate Bill 1503 **Prohibited abortion after a fetal heartbeat is detected** (usually around 6 - 10 weeks), with exception if the mother’s life is in danger. It would also have allowed any person to sue individuals who perform or help with an abortion that violates the law. This law was passed by the Senate and House, signed into law by **Governor Stitt on May 3, 2022.**

Overturned by: Justices Darby, Kauger, Winchester, Edmondson, Combs, Gurich

Opposed by: Justices Rowe, Kane, and Kuehn. Case 120543, Decided 3/21/2025 Case #120376, Decided 5/31/2023.

Bills OK Supreme Court Overturned the Vote of the People

OVERTURNED Bills Against Abortion (Cont.)

House Bill 4327 Was even stricter than **SB1503** prohibiting all abortion from the time of conception (not from the time a heartbeat is detected), with Exceptions in case of rape, sexual assault, or incest or if the mother's life is endangered. Like **SB1503 Bill**, an individual could sue anyone who performs/helps with an abortion. Governor signed 05/25/2022.
Overturned by Justices: Darby, Kauger, Winchester, Edmondson, Combs, and Gurich,
Opposed by: Justices Rowe, Kane, and Kuehn. Case #120376, Decided 5/31/2023.

Senate Bill 778 created the Oklahoma Abortion Inducing Drug Risk Protocol Act which enacted regulations on the use of abortion-inducing drugs. It required an ultrasound be conducted 72 hours prior to the day of abortion. It put parameters on physicians requiring them to be CERTIFIED to prescribe these drugs, obtain informed consent to women seeking the drugs and mandating doctors report data on the outcomes of the usage of these drugs, including complications. It attempted to protect women's health by creating a standard on how these medications are administered and monitored to save lives. A study has shown that the abortion pill mifepristone is 22 times more dangerous than previously claimed and 1 in 10 women suffer severe complications, with 36 dying by FDA 2022-24. Case #120376, Decided 5/31/2023/Case #119918 Decided 11/14/2023.
Overturned by: Justices Darby, Kauger, Winchester, Edmondson, Combs, Gurich.
Opposed by: Justices Rowe, Kane, and Kuehn.

Senate Bill 779 pertains to abortion inducing drugs, but with a focus on the supply chain side instead of the physicians' practices. It required the State Board of Pharmacy to establish rules for tracking the manufacturing and distribution of these drugs in the state to ensure their proper handling and certification. With the increase in chemical abortions in lieu of surgical abortions, the goal was to protect the women using these drugs by aiming for regulatory control over distribution and logistics mandating requirements and reporting obligations.
Overturned by: Justices Darby, Kauger, Winchester, Edmondson, Combs, Gurich.
Opposed by: Justices Rowe, Kane, and Kuehn. Case #119918 Decided 11/14/2023.

House Bill 1904 required only Oklahoma licensed physicians who are board certified in obstetrics and gynecology could perform abortions and only when necessary to save the life of the mother in a medical emergency Governor signed 4/26/2021. Case #119918 Decided 11/14/2023
Overturned by: Justices Darby, Kauger, Winchester, Edmondson, Combs, Gurich.
Opposed by: Justices Rowe, Kane, and Kuehn.

Overtured NO MASKS on Children, Gave Power to Schools Boards:

Senate Bill 658 Stopped Covid 19 Vacs, Covid Vac Passports, & stopped school's ability to require mask mandates on children. If Governor declares emergency, board must clearly state purpose & type of mask, reason, and must be reconsidered at every board meeting to be removed. OK Supreme Court overtured part of the bill in part, stating unconstitutional and gave back to school boards authority to decide on mask mandates. Case #119840 Decided 9/20/2022
Overturned by: (Darby, Kauger, Winchester, Edmonson, Gurich, Rowe, Kuehn with Combs concurring in part and dissenting in part.) Justice Kane was recused

ELECTION INTEGRITY:

2020 Lawsuit filed by League of Women Voters vs the OK State Election Board went straight to OK Supreme Court, against requirement absentee ballots must be notarized. Oklahoma law required an notarized affidavit voter is qualified to vote, he/she personally marked the ballot, and has not shown the marked ballot to any other person. OK Supreme Court Overturned Notarized Affidavit and allowed a personal signed statement with danger of perjury. Overturn by: Justices Gurich, Darby, Kauger, Edmondson, Colbert, Combs, Opposed by: Justices Rowe, Kane, and Winchester dissented.

OTA ABUSE OF AUTHORITY BY PSEUDO GOVERNMENT AGENCY

This Case Involved taking 100s of homes and Farmland through Eminent Domain.

The City of Norman is fighting against the **Oklahoma Turnpike Authority's** plans to build an extension highway through the city due to the elimination of hundreds of homes through eminent domain, disturbing quality of human and wildlife habitat, destroying farm land, **interfered with stormwater runoff**, and environmental threat to Watershed area (affect water supply). They filed a lawsuit claiming **OTA was vague/deceptive about agreements, violated the Open Records Act, Challenged Legality of the project** in the area that OTA wants to build, and **was not legislatively authorized.**

City of Norman Residents Wins in Appeal Court

Appeals Court Agreed with citizens OTA had acted in bad faith. OTA took this to the Liberal OK Supreme Court Majority who **VOTED with OTA**, overturned Appeals court decision and validated \$500 million in bonds for the project – **putting Oklahomans in Debt. A dissenting opinion** written by Justice Rowe stated this gives OTA "incredibly broad discretion without any cognizable limits. The OTA is apparently free to blatantly disregard the Legislature's directives with respect to routes and funding, setting a new precedent that future bond applications seeking our approval are merely seeking our rubber stamp." **OTA has NO oversight.**

Overturned by: Justices Darby, Kauger, Winchester, Edmondson, and Gurich.

Opposed by: Rowe, Kuehn, Kane recused Himself Case #120619, Decided 8/1/2023.

EXTREME LIBERAL

OCPA – 21% Judge Rating 0/5 Stars

Appointed by Gov. Brad Henry From a prominent democrat state political family, son of former US Congressman Ed Edmondson, nephew of former US Senator and OK Governor J. Howard Edmondson's brother of former Atty. General Drew Edmondson. His daughter Sarah was given a prison sentence for a crime spree that involved armed robbery and murder, allegedly inspired by watching the movie Natural Born Killers. He served in the US Navy and got his law degree from Georgetown University.

This year (2024), Edmondson was the only partial (albeit unwritten) dissent in the unsuccessful appeal of a public nuisance claim brought by survivors of the Tulsa Race Massacre. He was also the only justice to vote for the survivor's petition for a rehearing in front of the court. Edmondson joined the narrow majority of justices who held that the Oklahoma Constitution protected "an inherent right of a pregnant woman to terminate a pregnancy when necessary to preserve her life" in Oklahoma Call for Reproductive Justice v. Drummond I. He joined the majority in two cases of the same name — OCFRJ v. Drummond II and OCFRJ v. Drummond III — which struck down several of Oklahoma's strictest abortion laws, saving babies. <https://nondoc.com/2024/10/23/supreme-court-retention-yvonne-kauger-james-edmondson-noma-gurich/>

MORE INFORMATION ON MASKS

A German study involving over 25,930 children wearing masks an average of 4-1/2 hours, revealed children are harmed physically, psychologically, behaviorally, and suffer from 24 distinct health injuries. Of the 25,930 children studied, 17,854 had serious health issues.

Impairment of 68% caused by wearing the mask was reported by the parents. Nearly **a third of the children slept worse than normal,** and **quarter of the children had developed new fears.**

Also, hundreds of children suffered from feelings of weakness, a feeling of having disease, accelerated respiration, tightness in the chest, and short-term impairment of consciousness.

PORLONGED, FORCED MASK WEARING DESTORYS THE HEALTH OF CHILDREN

Here are the results:

headache (53%)
difficulty concentrating (50%)
irritability (60%) less happiness (49%)
impaired learning (38%)
drowsiness or fatigue (37%)
shortness of breath (29.7%)
experienced dizziness (26.4%)
reluctance to go to school/kindergarten (44%)
malaise (feeling of debility or lack of health) (42%)

The Most Concerning were **Reports of Short-term of Unconsciousness!**

These stats clearly show Masks are Harmful for Children.

The psychological warfare that is being thrust on our Children is even worst. They are being trained to see masked people as normal, impairs their learning, teaching to fear one another, interferes with being hugged and touched which is so important in their growth, and need facial smiles and expressions to understand the world around them. Children are afraid to go outside, to the store, school, anywhere. Children are taught to obey authority and medical fraud at any cost. Will these institutions be held liable for the physical, psychological, and behavioral harm they continue to impose on children?
