STATE QUESTION 844 – A BIG HUGE NO

August 25, 2026, Run-Off Ballot, Authored by Speaker Hilbert/ Pro-tempore Paxton

**SQ844 is a Constitutional Amendment to the Oklahoma Constitution,
Section 6B of Article X Concerning Reimbursement of Manufacturing Exemptions.**

This Affects the Funding of Emergency Services, Schools, Police/Fire, Libraries, & Local Services

1) What is the Current State Constitution Concerning Manufacturing

in (Click to See) Section 6B of Article X Constitution Pages 97-99.

A) Currently, Oklahoma gives Qualifying manufacturers an exemption of no levy of Ad Valorem tax on their newly built facilities for 5 years, to encourage them to locate, build or expand facilities in the state to employ more in our state.

B) Qualifying Manufactures Criteria are Below:

1) **Not engaged in business in this state, does not have property in this state, Construct a manufacturing facility in OK or buys facility unoccupied for 12 months.**
2) **Expansion of Facilities – must pays Ad Valorum Tax on property currently.**
3) **Builds or buys facility unoccupied for 12 months in a different location.**
4) **Expanded on existing facility – only new expansion can have exemption of taxes.**
5) **Must employ a workforce locally to fulfill employing state workforce.**

2) State is Constitutionally Required to Reimburse Counties/Cities for ALL Lost Revenue

from Manufacturing exemptions from Ad Valorum (property) tax to meet the cost of local Emergency Services, Schools, Libraries, Career Techs, Health, and other local services.

3) SQ 844 – What it Does if Passed:

IF Approved – SQ844 will Amend Constitution as Follows:

A) Will Eliminate & Give NO Constitutional Protection of 100% Reimbursement, of Loss Revenue due to Ad Valorum exemption given by the State, (Protected last 41 Years.) It will REMOVE the protection of the schools, emergency services, Police & Fire protection, Libraries, Vo-tech/junior colleges, and other local services.

B) Gives "POWER" and "FULL AUTHORITY" to Legislature to Decide About Refunds Power for "Method of Calculations," to determine what counties/cities will get NO REFUND of Revenue or REFUND a PORTION of 5-year Exemption Loss of Revenue.

1) **Giving Legislature the Power to Decide is Very Expensive and Time Consuming.**
2) **It gives the legislature power to decide to NOT pay back money they gave away to the area where the manufacturing is located, but able to send to their own or other counties, thus creating unequal support for public supported services.**
3) **Frequently money the Legislature handles usually ends in Debt and Open for Corruption.**
4) **This is a way to Shift the Burden of the Credits to the Counties/City & People, instead of payment coming from the State.**
5) **There is a Pattern to give more power to legislature, especially Speaker and Pro-Tempore, found in legislation over past years & it needs to stop.**

4) What This Means for You:

A) Property Tax increases for local citizens and businesses – reduction in sinking fund could result in an increase in your property taxes to pay short-falls in your county/city.
B) If major shortfall can affect jobs and core services.
C) If state decides to offer property tax exemptions as economic development incentive, then the state should bear the cost of the decision, NOT the local counties, schools, medical services, career techs or business and residential property owner.

STATE QUESTION 846 VOTE NO

SQ846, LR380, Will Amend & Add New Section 6 to Article 3 in the OK Constitution.

Click SQ846 Legal Document Click for SQ 846 Voter Ballot

QUESTION: Why did Speaker/Pro-tem NOT put in Specific Detail language to move any doubt of the qualification and definition of "Voter Identification?"

This Alone Demands a NO!

1) **SQ 846 is a Constitutional Amendment "claims" to Codify Oklahoma's Voter Identification into Oklahoma Constitution – yet is missing Detail Wording to Securing Voters against Fraud.**
2) **Unfortunately, it Does not Address US Citizenship, Picture ID, Oklahoma Resident with the others listed A-D see below.**
3) **IT GIVES too much "Power" to Legislators, it is like signing a Blank Check and they can fill in the (amount) - regulations as they wish. With WOKE leaders, they can add illegals, remove Pic ID, no added Oklahoma Resident, US Citizen, etc.**
4) **It creates a large consumption of time and money to review and create with more laws?**
   It does NOT reinforce the Current A-D below to stop fake or illegal voters.
   (E should have added a picture & OK resident address on it or something like this)
5) **They had a Grand OPPORTUNTITY to provide strong detailed language and could have even addressed removing all Voter Machines, that can be hacked in 2 minutes or less per Trump Team.**
6) **We need to Vote NO – Create a NEW SQ with Detail Information, then pass by Vote of People.**

I. What are the Current Voter Identification Laws in Oklahoma?

A. State Question, SQ 746 (Orig Senate Bill 692, 4/13/2009, Leg Ref No. 347) Passed Nov. 2, 2010, with 74% of Oklahoma Votes. It added several amendments to Title 26 Elections of OK Statues (click)

1) **Proof of Identity to Precinct Official Statue – A Document that Satisfies the Following.**
   - **A) Name – must conform to name on precinct registry.**
   - **B) Must have photograph of person who is presenting document.**
   - **C) Expiration date – must be after date of appearance to vote.**
   - **D) Must be issued by US gov, State of OK, or government of Fed recognized Indian Tribe**
   - **E) Voter Card issued by County Election Board. (B & C requirements Need NOT be met)**

   Why they added E is to OPEN the DOOR for Fake Voters – Cards can Easily be Reproduced.

2) **Provisional Ballot Votes can be Cast for the Following Reasons:**
   All must Sign sworn statements with Risk of Federal Felony Charge if False.

   1) **No identity – must sign a sworn statement with risk of Federal charged of a felony, if false.**
   2) **Person not listed in the Precinct Registry but claims to be registered.**
   3) **Person is in Registry but disputes the party affiliation for Party Votes.**

Christ is technology business owner, White is for Better road funding, protected water, reduction of property taxes, and **protecting our 2A rights** are just a few of the important issues he will fight for to make Oklahoma great! **Served as County Commissioner in District 1** where he completed four major bridge projects in three years, reduced wasted tax dollars, and fought against county codes and zoning, protecting property owner rights. **He's Pro-life,** believes we should outright own our land and suggests freezing the property tax until a way can be found to decrease the tax over time. He promises that the first bill he will author will be one that says a person can only vote in a land tax election if they are a landowner residing in the state and registered to vote. His view on education is that kids need to be taught, not brainwashed and want to change the way we test students, address classroom crowding and get parents involved when a child exhibits behavioral issues. States that our road system needs better funding soon, think our water needs protection forever and will introduce a bill requiring a study of our aquifers twice as often. Has questioned **why it takes so long to receive permits or approval from the state when starting a small business. Also promises to vote to keep energy costs down and opposes the "Green scam." Sees the tribes as an asset and wants to work together with them. Opposes data centers, flock cameras, and taxpayer funded healthcare for illegal aliens.
