VOTE NO TO CYNDI MUNSON FOR GOVERNOR

ALERT - EXTREME LIBERAL

Munson is Unmarried & Childless.

Marriage and children are life-changing events which greatly impact a person's life views, perspectives and beliefs. Cyndi's lack of experience in these areas surely influence her voting habits, including those mentioned below in this email (Pro-life, LGBTQ+, Gun control) and others like taxes, healthcare and education.

Cyndi said she's faced criticism about being unmarried, not having any children and her age. She has NO Business background or experience, only non-profit which she consistantly changed positions or non-profit.

The longest if correct is actual work for one place is 5 yrs. But she doesn't believe that will hurt her chances. (We think it does!)

"I think in this election & where we're at today, it's an asset because we can relate to each other, & people are ready for leaders who are "authentic in the sense" that you know what I am going through, & you are going to do something to fix it," Munson said.

The Oklahoma Standard is about looking out for one another, treating people with dignity, and making sure everyone has the freedom to live safely and authentically in our state. As Governor, I'll continue fighting to protect the rights, safety, and dignity of every Oklahoma family.

Munson Opposes ICE, Wrongly Calling Their Actions unconstitutional

What we've witnessed—and continue to witness—happening in Minneapolis is equally infuriating, disappointing, and quite frankly, scary. It is also deeply un-American and unconstitutional, and a complete overreach of the federal government. It is unacceptable that another murder of an American citizen has happened in broad daylight by their own government.

Many Oklahomans have reached out to me asking what can be done with real fear of this happening here in Oklahoma. The reality is that ICE is in Oklahoma and there are efforts to acquire facilities to build detention centers in Durant and Oklahoma City. I am adamantly opposed to ICE's presence in our state—as they lurk around neighborhoods and businesses and look to have detention centers here.

I know you're wondering: what can be done?

First, we can look to the thousands of Minnesotans—regardless of their political differences and backgrounds—who are linking arms and standing together against ICE. We can reach out to every leader at every level of government in this state to demand they speak up about what is happening in our country and in Oklahoma. Whether they are in support of the current actions of this Administration or not, they need to hear from their constituents. In fact, even more so if they are in support of what is happening.

Contact the Governor's office and ask him to use every resource we have with law enforcement to protect the people in our state, not the unconstitutional actions of ICE.

Most importantly, do not give up on each other and the hope of a better future for all of us. We do not have to accept this. If you once did, you can denounce it now. You can admit everything has gone too far. This is not about taking sides with your political party, it's about standing up for humanity. See less

CYNDI MUNSON'S Statements
about "Trans-Kids" is Abuse by Gross Ideology Against Nature, God & His Special Plan for Their Life

What Munson says about “trans kids” today

Her campaign biography boasts that she “fought against the most extreme measures in the Legislature,” listing “attacks on trans kids” in the same breath as the abortion ban and Bible Mandates.

On the House floor in March 2023, opposing a bill to restrict classroom instruction on sexual orientation & gender identity, Munson said this is harm to OK LGBTQ

In February 2026, during debate on House Bill 3130 - a measure to keep State taxpayer dollars out of gender transition procedures - Munson asked Author Rep. Kevin West:
“I want to know what the obsession is with targeting these children, & targeting these families?”

West answered he wants to protect children “who are not able to make informed decisions.”

Munson later told The Oklahoman that highly emotional personal topics are fine as opinions, “But when we are creating policy that ultimately becomes law, that hinders a person from getting the health care (transition surgeries) they need. It harms everybody.”

FOX 25 also captured her calling the state-funds fight a “manufactured” issue.

Conservatives who support sex-based bathrooms, sports, and medical limits for children do not have to invent Munson’s position. She has stated it on camera, on the floor, and on her own campaign site.

Muslim Day at Capitol – prayerful connections

After Islamic prayers in the second-floor rotunda, the program called for Cyndi Munson to give a citation presentation then visits to legislators' offices, giving them full access.

This was not "Showing up for Constituents" but Munson gave the Muslims & Prayers an Official Face by giving the "official citation."

Munson's CAIR Record is Not a Rumor. It is an Active Program.

On March 5, 2018, CAIR-Oklahoma held its 4th Annual Muslim Day at the Capitol. The published agenda listed Rep. Cyndi Munson as a speaker. After Islamic prayers in the second-floor rotunda, the program called for a citation presentation from Munson, then visits to legislators' offices.

That is not "showing up for constituents." That is the House Democrat who later became minority leader giving CAIR's lobby day an official face and an official citation inside the Capitol.

She has also voted the way CAIR asked.

In 2020, HB 3967 declared Israel a prominent trading partner of Oklahoma and barred state contracts with companies boycotting Israel. CAIR-Oklahoma recommended a no vote and called the bill an attempt to "stifle free speech." Munson voted no. So did Julia Kirt in the Senate. Gov. Stitt signed the bill anyway.

So the pattern is the same in both chambers: Capitol-day partnership with CAIR-OK, public recognition of the group, and a roll-call that matches CAIR's Israel/BDS line.

Kirt put it on letterhead in August 2026. Munson put it on a gubernatorial campaign in 2025–26. One is already locked in. One is asking for the whole state.
