2026 Oklahoma Supreme Court VoterGuide, Civil & Criminal Appeals, & Other Judges VoterGuide

The Supreme Court was set up to play an important role, to bring a vital system of checks and balances necessary to keep our government accountable to the people. As the Judicial arm, its role is to interpret law ONLY, not write it or alter it! Unfortunately, in Oklahoma, our court has consistently and systematically applied law and court procedures in an unfair and unbalanced manner. OK Supreme Court has overreached its' role by striking down or overturning existing laws by citizens and Governor, by interpreting them to add or ignore their original intention.

Of the nine (9) judges who currently sit on the bench, there are 4, Kuehn, Rowe, Kane, Jett who uphold the US Constitution and Conservative principles held by the citizens of our state. With current 5 Judge Liberal majority, who consistently act as "activist judges" trying to re-write LAW, INVENT NEW or OVERTURN laws PASSED BY THE HOUSE, SENATE, & SIGNED by GOVERNOR.

In 2023-25, Our OK Supreme Court Overturned Five (5) PRO-LIFE Laws Passed by Legislature, Restricting Abortion, and Saving Babies

(Plus, Overturned Part of Law for Elections and Mask Mandates)

The Court has betrayed its' purpose and our citizens by ruling against individual freedoms when it comes to mask mandates, weakening election integrity and mis-interpreting the Establishment Clause **(RESURRECTING illegal ruling of separation of church and state)** by overturning a decision to allow public funding to a Catholic charter school, a suit brought by OK-AG Drummond. **A DISGRACE TO OKLAHOMA.** In 2015, the Court (Current Justices Winchester, Edmonson & Gurich voted) ***ruled the Ten Commandments monument on state capitol grounds must be removed, Overturned a District court judge ruled "it did not violate our State Constitution***."

This must stop! Oklahomans deserve judges who uphold the **US & OK CONSTITUTION, the conservative** values of our state, and honor the intended role of the judiciary, **TO INTERPRET LAW, NOT REWRITE OR INVENT IT**. **We have Voting Ability to Gain a 5 Conservative Majority; 1st time in 120 years.**

THE WORST OFFENDERS

Richard Darby James Winchester James Edmonson Noma Gurich Douglas Combs

RICHARD DARBY WILL BE UP THIS NEXT VOTE IN 2026 with a 0/5 rating – HORRIBLE JUDGE

Supreme Court Overturned 5 PRO-LIFE Bills Against ABORTION:

Senate Bill 1503 Prohibited abortion after a fetal heartbeat is detected (usually 6 - 10 weeks), with exception if the mother's life is in danger. It allowed any person to sue individuals who perform or help with an abortion that violates the law. This law was passed by the Senate and House, signed into law by Governor Stitt on May 3, 2022. Overturned by: Justices Darby, Kauger, Winchester, Edmondson, Combs, Gurich Case 120543, Decided 3/21/2025 Case #120376, Decided 5/31/2023.
Opposed by: Justices Rowe, Kane, and Kuehn.

Bills OK Supreme Court Overturned the VOTE of the People

OVERTURNED PRO-LIFE Bills Against Abortion (Cont.)

House Bill 4327 Was even stricter than SB1503 prohibiting all abortion from the time of conception (not from the time a heartbeat is detected). with Exceptions in case of rape, sexual assault, or incest or if the mother's life is endangered. Like SB1503 Bill, an individual could sue anyone who performs/helps with an abortion. Governor signed 05/25/2022.
Overturned by Justices: Darby, Kauger, Winchester, Edmondson, Combs, and Gurich,
Opposed by: Justices Rowe, Kane, and Kuehn. Case #120376, Decided 5/31/2023.

Senate Bill 778 created the Oklahoma Abortion Inducing Drug Risk Protocol Act which **enacted regulations on the use of abortion-inducing drugs. It required an ultrasound be conducted 72 hours prior to the day of abortion. It put parameters on physicians requiring them to be CERTIFIED to prescribe these drugs, obtain informed consent to women seeking the drugs and mandating doctors report data on the outcomes of the usage of these drugs, including complications. It attempted to protect women's health by creating a standard on how these medications are administered and monitored to save lives. A study has shown that the abortion pill mifepristone is 22 times more dangerous than previously claimed and 1 in 10 women suffer severe complications, with 36 dying by FDA 2022-24. Case #120376, Decided 5/31/2023/Case #119918 Decided 11/14/2023.**
Overturned by: Justices Darby, Kauger, Winchester, Edmondson, Combs, Gurich.
Opposed by: Justices Rowe, Kane, and Kuehn

Senate Bill 779 pertains to abortion inducing drugs, but with a focus on the supply chain side instead of the physicians' practices. It required the State Board of Pharmacy to establish rules for tracking the manufacturing and distribution of these drugs in the state to ensure their proper handling and certification. With the increase in chemical abortions in lieu of surgical abortions, **the goal was to protect the women using these drugs** by aiming for regulatory control over distribution and logistics mandating requirements and reporting obligations.
Overturned by: Justices Darby, Kauger, Winchester, Edmondson, Combs, Gurich.
Opposed by: Justices Rowe, Kane, and Kuehn. Case #119918 Decided 11/14/2023.

House Bill 1904 required only **Oklahoma licensed physicians** who are **board certified in obstetrics and gynecology to perform abortions & only when necessary to save the life of the mother in a medical emergency. Governor signed 4/26/2021. Case #119918 Decided 11/14/2023**
Overturned by: Justices Darby, Kauger, Winchester, Edmondson, Combs, Gurich.
Opposed by: Justices Rowe, Kane, and Kuehn.

Overturned NO MASKS on Children, Gave Power to Schools Boards:

Senate Bill 658 Stopped Covid 19 Vacs, Covid Vac Passports, & stopped school's ability to require mask mandates on children. If Governor declares emergency, board must clearly state purpose & type of mask, reason, and must be reconsidered at every board meeting to be removed. OK Supreme Court **overturned part of the bill in part, stating unconstitutional and gave back to school boards authority to decide on mask mandates. Case #119840 Decided 9/20/2022**
Overturned by: (Darby, Kauger, Winchester, Edmonson, Gurich, Rowe, Kuehn with Combs concurring in part and dissenting in part.) ***Justice Kane was recused***

Science Has Proven Masks are Horrible for Children and Adults:

1) Ineffective, Masks Do NOT protect people from ANY AIRBORN infection.
2) Lowers Oxygen to dangerous levels, can cause headaches, irritability, fatigue, shortness of breath, dizziness, and fainting. Masks on children reduce ability to concentrate, impair learning, feelings of discomfort, weakness, feel illness with no reason, have fainted, believe something is wrong with them and reluctant to attend school.

MORE INFORMATION ON MASKS

A German study involving over 25,930 children wearing masks an average of 4-1/2 hours, revealed children are harmed physically, psychologically, behaviorally, and suffer from 24 distinct health injuries. Of the 25,930 children studied, 17,854 had serious health issues. *Impairment of 68% caused by wearing the mask was reported by the parents*. Nearly *a third of the children slept worse than normal,* and *quarter of the children had developed new fears*.

Also, hundreds of children suffered from feelings of weakness, a feeling of having disease, accelerated respiration, tightness in the chest, and short-term impairment of consciousness.

PORLONGED, FORCED MASK WEARING DESTORYS THE HEALTH OF CHILDREN

Here are the results:

headache (53%)
difficulty concentrating (50%)
irritability (60%) less happiness (49%)
impaired learning (38%)
drowsiness or fatigue (37%)
shortness of breath (29.7%)
experienced dizziness (26.4%)
reluctance to go to school/kindergarten (44%)
malaise (feeling of debility or lack of health) (42%)

The Most Concerning were Reports of Short-term of Unconsciousness!

These stats clearly show Masks are Harmful for Children.

The psychological warfare that is being thrust on our Children is even worst. They are being
trained to see masked people as normal, impairs their learning, teaching to fear one another, interferes with being hugged and touched which is so important in their growth, and need facial smiles and expressions to understand the world around them. Children are afraid to go outside, to the store, school, anywhere. Children are taught to obey authority and medical fraud at any cost. Will these institutions be held liable for the physical, psychological, and behavioral harm they continue to impose on children?
